

Mrs. Trethewey Smilingly Denies All Cruelty Charges

'DISTORTIONS,' TEACHER CALLS ACCUSATIONS

Defends 'Light Spanking';
Appears at Ease During
Sager's Cross-Examination
By FRED C. SELBY
(Mercury Staff Writer)

Smiling gaily at the school directors who theoretically are prosecuting her on cruelty charges, and fencing cautiously with the attorney who cross-examined her, Mrs. Mary H. Trethewey testified in her own behalf for two hours yesterday.

Sitting at a child's desk in Colebrookdale school of Douglass township, Berks county, where she teaches, Mrs. Trethewey denied emphatically that she had mistreated her First and Second grade pupils by word or deed.

Mrs. Trethewey, a Pottstown area school teacher for 23 years, who still has a rather girlish smile and complexion, said she did not know any reason why she had been accused of cruelty by a dozen parents and children at hearing sessions on July 1 and on Tuesday.

But, she said, their charges were untrue. As she explained them, the charges were gross distortions of ordinary teaching practices.

She was questioned by her attorney, M. Bernard Hoffman, Reading, and cross-examined by Louis Sager, Pottstown attorney representing the parents, on three of the seven main complaints against her.

The defense attorney said he expected the hearing—first of its kind in the Pottstown area—to end Tuesday. It was adjourned yesterday afternoon until 10 a. m. that day.

Ralph C. Body, Boyertown school board solicitor refereeing the heated Hoffman-Sager battles, told the board that the law required them to make their decision within ten days after the final session of the hearing.

If she is found guilty, she would be dismissed. If not, she would resume teaching at the Colebrookdale school in the fall.

THE DEFENSE attorney told the board: "I am going to call no other witness except Mrs. Trethewey."

Hoffman also read into the record a statement in which he praised the board for its "courageous" and "unbiased" attitude. He said the prosecution's case was too weak for a conviction, and asked the school board to dismiss the charges.

The statement also said: "The teacher received a great deal of unfair notoriety and criticism in the press and otherwise, which had a tendency to incite the citizens of this community."

4 Escape Injury As Bus Hits Wall

An eastbound bus of the Werner lines, Phoenixville, was heavily damaged last night when it skidded into the thick wall of a small stone bridge along old Route 83, one mile east of Kennilworth.

Driver Leslie Perry, Phoenixville, and three passengers were not injured when Bus 18, due to arrive in Phoenixville from Pottstown at 6:30 o'clock, rounded a curve on rain-slicked old 83, skidded to the left and struck the bridge wall.

Damage included the rear end, steering mechanism and the driver's seat which was torn loose by the impact.

Mrs. Ferdinand Malenke, Parkersburg, one of the passengers, said: "The driver was lucky he wasn't seriously injured. I bumped my back and a man from the company took me to Dr. Glocker's (Dr. Rudolph Glocker, Royersford) for a checkup. Luckily there was nothing wrong with me."

OTHER PASSENGERS on the bus were George Matthews, Royersford. (Continued on Page Seven)

4 Are Injured When 2 Sedans Collide Head-on

Two 1949 sedans collided head-on one mile outside Bechtelsville on the road to Hill Church, injuring all four occupants of both cars, yesterday at 6:15 a. m.

Leroy Herb, 26, of Bechtelsville, was admitted immediately afterward to Pottstown hospital with a possible fractured skull, cuts on his forehead and over his right eye and bruise burns on his face.

Mrs. Edith Reinert, 39, of Oley RD 1, was treated for a cut on her lip and abrasions of both knees and discharged.

George H. Reinert was driving the car in which his wife was injured. He was treated for a cut forehead and right knee by Reading State police who investigated the accident.

The driver of the second car, Norman C. Bender, of Barto RD 1, was treated by Dr. Andrew McKane, Boyertown physician, at the scene of the accident.

A cut lip on Bender required three stitches. Herb was a passenger in Bender's car.

STATE POLICE who investigated the accident said that Reinert was going east toward Bechtelsville on the Hill Church to Bechtelsville road and Bender was going west. Both drivers were making a turn in the road when the accident occurred. Bender was making the left turn.

Hearing Is Set In Auto Death

An inquest into the automobile death the past May 31 of William Yost, 40, of 451 Beech street, and a hearing for Joseph W. Carl, 28, of Spring City RD 1, on an involuntary manslaughter charge stemming from Yost's death, will be conducted at the home of Phoenixville Justice of the Peace George D. Ellwanger Monday night.

Chester County Deputy Coroner Cooper T. Bishop Jr. will hold the inquest at 8 p. m. and the hearing will follow. Carl posted a \$1000 bond with Ellwanger Saturday to assure his appearance at the hearing, after his arrest by Trooper Joseph Hovanietz, of the Paoli State police sub-station.

The arrest was made as Carl was discharged from Phoenixville hospital after being treated more than two months for a fractured left arm, fractured ribs and numerous body cuts which he suffered in the accident that took Yost's life.

Yost was pronounced dead on arrival at Phoenixville hospital a few minutes after the accident at 2:20 a. m. on Route 83, about five miles north of Phoenixville.

Witnesses claimed Carl's southbound car passed another traveling in the same direction and did not have time to return to the proper traffic lane as Yost's northbound vehicle approached. The two autos collided almost head-on.

Chairmen Report Progress In Aug. 24 Air Show Plans

Considerable progress in the preparations for the bi-centennial air show and Municipal airport dedication Aug. 24 was reported last night as 30 chairmen and members of various committees met with borough officials at the airport.

Before the committee reports were made Horace B. Guelden, new borough manager, was introduced and Dow I. Sears, the former manager, and J. Max Creswell, former councilman active on council's airport committee, were praised by the show's general chairman, A. C. Seawell, for their part in obtaining the airport for the borough.

Also present at the meeting, over which Seawell presided, were Councilman O'Dell, current chairman of the airport committee; John Basco, airport manager, and Paul Mitchell, vice president of the Pilot club of Pottstown, co-sponsor with the Minute Men of the air show.

Edmund K. Lindenmuth reported his program committee had solicited \$1100 in cash and pledges from businesses for advertisements in the show program. The committee's goal is \$2200.

Edward J. Sweeney, whose committee is seeking cash contributions from businesses and industry toward the show's support, said industry has been reluctant to contribute to date because it will have considerable expense to bear in staging its bi-centennial in-

Pottstown Widow, 85, Found Helpless After Death of Her Nephew

Mrs. Daisy G. Fronheiser, 85, widow of a Pottstown merchant and banker, was found lying in bed in a semi-conscious state when police broke into her locked apartment in Washington, D. C., yesterday afternoon.

The nephew who had been taking care of her, Chalmers S. McConnell, 50, was found dead on the kitchen floor beside the gas stove, his hair singed and his pajama top burned off.

Mrs. Fronheiser was taken to Providence hospital, and her physician, Dr. William T. Saccardi, said her condition was "fairly good." Evidently she was suffering only from slight malnutrition, he said.

Police said McConnell may have been dead a day or two. The coroner's office said an autopsy would be made to determine the cause of his death.

Mrs. Fronheiser, who moved to Washington several months after the death of her husband, Wilfred G. Fronheiser, in December, 1928, had been living in the Northbrook Courts apartment house for the past 15 years.

ADELAID SPRECKELMYER, manager, said Mrs. Fronheiser had been ill for the past three years, and her nephew, McConnell, moved into her apartment to care for her.

Miss Spreckelmyer said she suspected something was wrong yesterday morning when she noticed several newspapers had piled up at the door of the second-floor apartment. Aware of Mrs. Fronheiser's condition, the manager decided to call the police to open the door which was barred with a chain lock.

Privates A. B. Cassidy and S. J. Czeper got the janitor, James Beasley, to saw off the lock, and entered the apartment shortly after noon.

They found McConnell lying beside the kitchen stove, which had all four burners on. Police thought Mrs. Fronheiser was also dead, but when they touched her, she came to, and asked, "What's the matter?"

A health department ambulance took her to the hospital for observation. Dr. Marion Gaylord pronounced McConnell dead at 1:10 p. m. Police locked up the apartment for further investigation.

MISS SPRECKELMYER said she believed the nephew died Tuesday morning. "He probably got up to get breakfast," she explained, "and his pajama top caught fire, and (Continued on Page Seven)

2 Playgrounds Defy Bad Weather, Stage Their Cowboy Shows

Only two playgrounds were not "afraid" that their bronco busters would not get a soaking during yesterday's showers and went on with their scheduled cowboy shows.

St. Clair and Franklin playgrounds held theirs after the showers yesterday morning had passed and the sun made a feeble attempt to peak through the heavy clouds.

Playgrounds that will hold their cowboy shows today if they are not rained out again are Happy Hill, Jefferson, Manatawny park, Rupert and Tot Lot.

The Lincoln playground has planned its show for Friday morning.

Franklin playground made the show a real wild west day with not only cowboys but Indians.

Children who came to the playground without their cowboy outfits were given Indian headaddresses with names such as "Little Rabbit," "Grey Wolf," "New Moon" and "Straight Arrow" on them.

Jackie Meade was given the name "Chief Many Feathers" and Barbara Hunter was dubbed "Princess Minnie." (Continued on Page Two)

Appointment To Koch Post Is Postponed

West Pottsgrove commissioners last night postponed appointment of a replacement for Commissioner Lloyd A. Koch, who was killed in a ditch cave-in the past Thursday, until a special meeting sometime this month.

Board President Peter Dori said Monday the commissioners might consider a replacement last night, but the board delayed appointment in deference to the deceased commissioner. Koch's funeral was Monday.

Members of the board did mention at last night's August meeting in the West End firehouse, however, that there are "quite a few" Democrats seeking Koch's seat on the five-member board. Koch was a Democrat.

Whoever replaces Koch will fill the unexpired period of his four-year term which ends in January, 1954. Koch's death left the board with three Republicans, Dori, Elmer Hampton and Warren Trout, and one Democrat, William Regan.

THE COMMISSIONERS were informed by Contractor Richard Jafolla, of Boyertown, that a special pumping station to serve the new Doehler-Jarvis Die Casting corporation plant on the old Brancote road south of West Hill street will be in service by Aug. 17.

Work on the station and a sewer line from the plant has been impeded by delayed permits for various phases of the construction.

Jafolla reported he now is awaiting permission from the Pennsylvania Railroad to lay the sewer line under its tracks. The Doehler plant is south of the tracks.

Jafolla said the sewer would be laid within two days after receipt of the permission.

Yesterday's rain, the commission said. (Continued on Page Seven)

Crash Victim Is Improving

The condition of Mrs. June L. Wall, 31, of 418 North Franklin street, was reported "improved" yesterday following treatment for serious injuries received in an automobile collision near Kearney, Neb., Tuesday afternoon.

Mrs. Wall suffered multiple fractures of her arms and legs, rib fractures, and possible internal injuries when the car she was driving to San Francisco crashed head-on with another car on U. S. Route 30. Her stepson, Jack Jr., 14, escaped with minor injuries.

Authorities at Good Samaritan hospital, Kearney, reported that Mrs. Wall was given several blood transfusions yesterday morning, and her condition had improved.

Her mother, Mrs. Jennie Bewley, will fly to her bedside today. The Nebraska Red Cross contacted military authorities, who are making arrangements to return Capt. Jack Wall, her husband, from his Army post in Japan.

Mrs. Wall was due to leave San Francisco on Aug. 12 to join her husband overseas.

Man Collapses While Working

Anthony Dindino, 43, of 376 Cherry street, was admitted unconscious to Pottstown hospital at 7:30 o'clock last night after collapsing at the new headquarters of Father Bally council 1192, Knights of Columbus, 288 King street, which he has been helping to renovate.

Dr. Jack R. Wennersten, a staff physician, diagnosed Dindino's ailment as a diabetic coma. Dindino had been discharged from the hospital the past July 28 after two days of treatment for diabetes.

A hospital spokesman said he is expected to be discharged today. He was taken to the hospital last night in a Good Will ambulance manned by Harold Wentzel.

A painter by trade, Dindino and other members of Father Bally council have been spending their spare time painting and fixing the council's new building since its purchase about six months ago.

The building is the former Salvation Army citadel. A council member said last night the new headquarters is expected to be ready for occupancy later this month.

Patsy as a "crazy cowboy."

"WE LOVED that little dog. We treated Patsy like any other member of the family. And she knew we liked her, because she treated us so well," Mrs. Hartmaier whispered.

"I don't know why she had to die."

Mrs. Hartmaier's father-in-law, Louis Hartmaier, first learned of Patsy's injuries when a motorist stopped and told him the little dog was hit by another car.

Hartmaier had been walking along Swamp pike near his home when Patsy was struck. The motorist who stopped told him the vehicle that hit the dog was traveling at a terrific speed.

He said the accident could have been avoided if the hit-run motorist had been traveling at a reasonable rate.

MRS. HARTMAIER choked, "I understand he was going at a very high speed, about 70. We have terrible traffic along here on Saturday and Sunday. The cowboys just cruise through with their throats wide open."

"I certainly hope the man who killed Patsy reads about his act and hope it bothers him the rest of his lousy life. I imagine he would have done the same thing if it had been a child, driven off and left by the road, torn, bleeding and in agony."

"Perhaps the next time he will be the one to pay."

Mrs. Hartmaier gathered the whimpering Patsy in her arms after the little dog was found bleeding and battered.

Her husband, William, an employee of Superior Tube company, Evansburg, was at work.

"I DON'T DRIVE," she explained, "so I called the vet in Boyertown (Dr. Daniel D. Kohler Jr., veterinarian) and he drove down and took Patsy back to his place for treatment."

"But she was injured internally. There just wasn't a chance for her. She died Sunday afternoon."

Patsy was a thoroughbred cocker who only occasionally wandered along the road.

Her master added, I had a billiard with a \$25 porch fire yes, of \$11.44 at the vets. I wonder if terday at home of Alfred Ruis in the motorist who hit her would the north side section. Eight Men Killed In Carrier Explosion

WASHINGTON, Aug. 7 (Thurs.)—Eight men were killed and an undetermined number wounded in an accident aboard the U. S. Carrier Boxer, the Navy reported early today.

A naval officer said the tragedy occurred about 50 miles off the Korean coast but was not due to enemy action.

Details of the accident were not disclosed immediately, although it was reported unofficially to be due to an explosion aboard the 27,000-ton carrier. Date of the accident was not given.

Damage to the ship itself was comparatively small, the officer said. The vessel is scheduled to stay in the Korean area and not return to base for temporary repairs.

3-Time Arson Loser Admits Church Fire

PITTSBURGH, Aug. 6 (U)—Police said a thrice-convicted firebug admitted today he had set three fires this year, one of them the March 1 blaze which caused \$6000 damage at St. Andrews church.

Police identified the prisoner as John Olliffe, 42, of this city. Police Inspector John M. Flavin quoted Olliffe as saying:

"When I'm drinking, I get a yen to start fires. I get a bang out of watching the fire engines."

Olliffe was arrested in connection with a \$25 porch fire yes, of \$11.44 at the vets. I wonder if terday at home of Alfred Ruis in the motorist who hit her would the north side section. Uranium Rush Finds Slaking, Quarreling

URANIUM CITY, Sask., Aug. 6 (U)—Tourists swapped fishing tackle and cameras for axes and shovels today as the first uranium rush in history continued unabated.

The third day of the rush saw hundreds of prospectors out staking and quarrelling in the northwestern Saskatchewan bush.

Arteries of travel that swarmed with all types of conveyance two days ago now are deserted of all traffic. The settlements of goldfields and Uranium City have almost turned into ghost towns since business men and housewives fell prey to the uranium fever. The only barber in the area has laid aside his apron and shears.

Ruses of all sorts have been tried to lead astray any competition. Experienced prospectors purposely guided opposition company representatives into wrong territory until the more valuable claims were staked. Road blocks were thrown up in some areas to impede competitors from reaching the staking country.

Bitterness flared and accusations of claims jumping were heard as disputed claims mounted. Some obtained proof by taking pictures and lying in witness to the scene in one instance. A group of 20 prospectors warned a smaller group to stay clear and keep moving.

The crawl stroke in swimming was so named by newsmen to whom the swimmers appeared to be crawling over the water.

Danish Horse Girl Is Featured Rider At Circus Monday

When the circus comes to Pottstown Monday, a little Danish horse girl will do her bit to uphold the reputation of sawdust stunts.

Corky Christiani, a native of Copenhagen, Denmark, and a third generation circus performer, will spring a somersault from the back of her galloping horse in a circus ring which measures just 40 feet in diameter.

Her eight-minute act requires perfect co-ordination between horse and performer.

Among the 150 stunts with the King Brothers and Christiani Combined circus, who will exhibit their talents on West King street, across from Manetawny park, are 20 riders.

BUT NONE CAN share the limelight with the little Danish girl. After six years of practice she has perfected a backward somersault from one galloping horse to another.

For the first time in 20 years an old-fashioned circus parade will be seen along High street at 11 a. m. circus day. Trumpeting bands and red and gold trimmed wagons will be in line of parade.

Miss Christiani and other performers will begin their stunts at 2 and 8 p. m. Monday.

The circus will be sponsored by the Memorial Park association.

Man Accused of Shooting in Deathbed Statement

ROCHESTER, Aug. 6 (U.P.)—Six bullet wounds brought death today to Mrs. Anna Martynko, 50-year-old woman grocer who accused her divorced husband in a deathbed statement of shooting her down Monday.

Mrs. Martynko was shot while sweeping the sidewalk in front of her Monaca grocery store. She accused her ex-husband, John Martynko, 65, of Ambridge, of wounding her.

Martynko, arrested shortly after the shooting, steadfastly denied he shot his former wife. The couple fought in the courts, following their divorce, over property division. Mrs. Martynko won the court fight.

Michael Hoyman, chief of Beaver county detectives, said a murder charge will be filed against Martynko before Freedom Burgess George L. Werner.

Clean-up Time

Mercury Staff Photo

Paul I. Galloway (left), 173 Sheridan street, and George Lucas, 223 Queen street, help to clear the backyard of Henry M. Fessler's home at 340 Jefferson avenue. Fessler's neighbors worked together for the past month pulling up weeds and tearing up old, unused chicken coops since Fessler has been too feeble to do it himself.

Neighbors Pitch In To Clean House for 80-Year-Old Invalid

An 80-year-old near-invalid who is almost totally blind was given a helping hand by his neighbors yesterday.

They pitched in to clear Henry M. Fessler's backyard at 340 Jefferson avenue, a feeble old man whose only source of income for years has been charities. He could not afford to hire a truck to cart away the refuse.

During the Summer months his yard became overgrown with unsightly weeds and abandoned chicken coops there added to the yard's unkempt appearance.

But Fessler, who lives by himself, was barely able to move about. When he walked he carried an old stick to support himself.

A FEW weeks ago, Mrs. Margaret Steiler, of 338 Jefferson avenue, and her four children, Dorothy, 15, Beatrice, 16, Donald, 14, and Leroy, 10, with the assistance of other neighbors in the block including Mrs. Margaret Richter, of 342 Jefferson avenue, began pulling up weeds and tearing down the old chicken houses and piling the refuse in a corner of the yard.

Yesterday all that needed to be done in the yard was to have the refuse hauled away. The neighbors asked Paul I. Galloway, 173 Sheridan street, to pick up the refuse, which included some materials which could be sold to junk yards.

Galloway agreed to do the job and be reimbursed by the funds paid to him by junk dealers. He went to work there yesterday and cleared the property of 5200 pounds of refuse.

President Wishes Husbands for Girls

WASHINGTON, Aug. 6 (AP)—President Truman told 100 girls today, "I hope you will get the nicest boy in the world for a husband." They responded with pleased giggles and a lot of blushes.

He was addressing delegates to the "Girls Nation" citizen project. They met him in the rose garden of the White House.

The "Girls Nation" is sponsored by the American Legion auxiliary High school girls from across the land visit Washington to learn the mechanics of Government and responsibilities of citizenship.

The President gave the girls his wish for good husbands as an afterthought to a prepared address in which he praised the project. He also told them:

"We have the grandest Government in the world. There never was one like it in the history of the world. We must keep it just what it is—a Government of all the people and for all the people."

Stevenson Ticket Named As That of South Carolina

COLUMBIA, S. C., Aug. 6 (AP)—South Carolina Democrats, following the lead of Gov. James F. Byrnes, today named the national party's Stevenson-Sparkman ticket as that of the State party.

The State party, which bolted the national party in 1948 over the controversial civil rights platform, beat off an attempt to place Gen. Dwight D. Eisenhower's name on its ballot.

The action, taken during a stormy three-hour State con-

vention here, added South Carolina to the growing list of Southern States whose Democratic parties have backed Gov. Adlai E. Stevenson. Georgia's Democratic executive committee Monday pledged their electors to Stevenson and yesterday a group of States rights Democrats in Mississippi, in inconclusive action, failed to gain control of the party machinery.

South Carolina's return to the national party left only Texas as the remaining major question mark in Dixie. Elsewhere in the South

the party leaders were generally behind the national party's ticket.

TODAY'S CONVENTION vote for electors pledged to Stevenson and Sparkman was 298 1/2 to 45.

Byrnes, a bitter foe of President Truman and his civil rights program, told the convention it would not be right to put the Eisenhower-Nixon ticket on this State's ballot under the State Democratic label.

He said if he had to vote today it would be for Stevenson and Sparkman, but that he will not make up his mind finally until November.

GOV. STEVENSON IS INVITED TO CABINET SESSION

Presidential Nominee
Accepts Truman Offer;
Precedent Established

WASHINGTON, Aug. 6 (AP)—Gov. Adlai Stevenson will sit in on a cabinet session next Tuesday.

If there is any precedent for such a meeting of a presidential nominee with an incumbent president and his official family, White House old-timers cannot recall it.

The plan was announced today by Joseph Short, White House press secretary, who said President Truman had extended the invitation and the Illinois Governor had accepted.

Short said Sen. John J. Sparkman, the Democratic vice presidential nominee, also will attend. And Vice President Barkley "certainly will be invited," he said.

AVARELL HARRIMAN, mutual security administrator who usually sits in, will not be there, Short said. The party will include only Truman, the nominees, Barkley if he can get there, and the nine cabinet members.

Governor Stevenson has accepted the invitation of the President to come to Washington Tuesday to attend a luncheon with the cabinet at the White House, Short told a news conference.

U. S. Promises Loans For Drought Losses

ATLANTA, Aug. 6 (AP)—Government spokesmen said today Uncle Breda did nothing else, at least she's brought business to this quiet village.

Mrs. Mary Benner, proprietress of Dingle's only hotel, said, "If Breda did nothing else, at least she's brought business to this quiet village."

Truman Choice Beaten
ST. LOUIS, Aug. 6 (AP)—William Stuart Symington, a Johnny-come-lately to Missouri politics, jumped ahead of Frank and Breda, the choice of the state's biggest voters into Florida and southwestward to Texas.

He won the blue ribbon in yesterday's Democratic senatorial primary by beating President Truman's choice for the job with one of the state's biggest votes into Florida and southwestward to Texas.

Wedding Is Wagered For Note Bottle Pair

DINGLE, County Kerry, Ireland, Aug. 6 (AP)—Ex-GI Frank Hayostak and the pretty Irish milkmaid who found his name in a bottle that washed ashore shyly held hands here today. And villagers were betting six to four they'll be married.

For blue-eyed Breda O'Sullivan, 24, it was exciting and even a bit embarrassing.

Practically all County Kerry buzzed about how she picked up Frank's bottle, tossed from a troopship seven years ago, and how she answered his note, striking up a steady exchange of letters that lasted until Hayostak flew here yesterday from his Johnstown, Pa. home.

She's very nice," said Hayostak, a stocky, 27-year-old steelworker with sandy hair and a shy smile.

"WE HAVEN'T discussed the question of marriage yet. Up to now we've been only pen friends," Breda blushed and flashed a smile at Frank. "Well, after all, we only met a few hours ago," she said. "Up to then he was only a man in a bottle."

Frank and Breda met briefly last night at Tralee, 30 miles north of here. Breda then returned to her thatched-roofed cottage in the lonely little village of Kinsard.

Frank took a room in Fox's lodging house in Dingle, about four and a half miles away.

Breda went down to get Frank today, driving a pony cart. They rode back to Kinsard for Frank's

Ike to Keep Demos Guessing for Month On Campaign Plans

DENVER, Aug. 6 (AP)—Gen. Dwight D. Eisenhower said today he is going to keep the Democratic opposition guessing for about a month regarding his campaign itinerary plans.

The Republican presidential nominee told newsmen:

"There is no use giving the opposition a chance to surround you with county fairs and other rallies. After all, during the war I never told the enemy a month in advance where I was going to attack."

The General was host to about 20 newsmen at an informal buffet luncheon and chatted a bit afterward.

EISENHOWER TOOK it comparatively easy today after a post-midnight return to his headquarters here from Los Angeles, where last night he made his first major speech since winning the GOP nomination.

On Sunday, the General will fly to Gallup, N. M., to attend an inter-tribal Indian ceremony. He will speak briefly there.

His only other scheduled speaking engagement at this time is an address at the American Legion National convention at Madison Square Garden in New York Aug. 25.

NORTHEAST GETS RAIN

World News Briefs

Rhee Is Winner

PUSAN, Korea, Thursday, Aug. 7 (AP)—Unofficial results in Korea's first direct presidential election today returned 77-year-old Syngman Rhee to office for another four-year term.

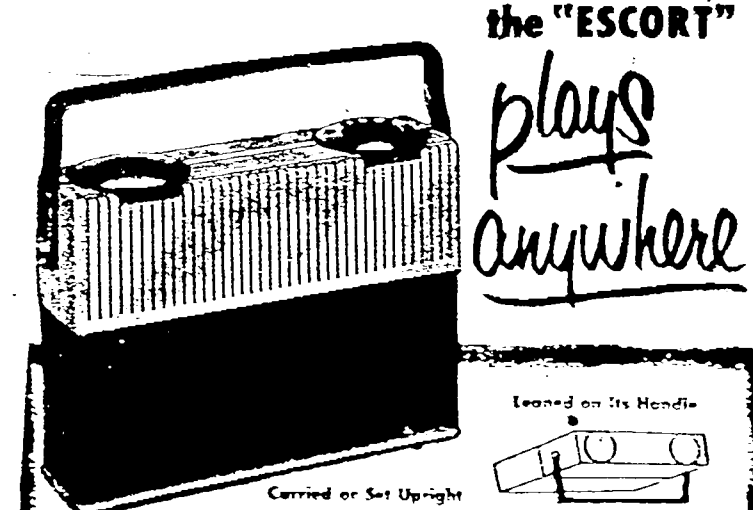

With all but eight of the Republic's 363 precincts counted, Rhee had piled up an unbeatable lead over his three opponents.

Diplomats Briefed

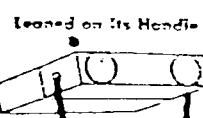

HONOLULU, Aug. 6 (AP)—Military experts today briefed top diplomats of Australia, New Zealand and the United States on Communist China's threat of aggression in the Pacific.

As the Anzus Mutual Security conference neared an end, the diplomats had only the creation of a military staff and the role of other nations in the Pacific defense setup left on their agenda.

OLYMPIC STARS OF RED HUNGARY FLEE HOMELAND

Nine Athletes Take
Refuge in Finland After
Fading From Sight 1 by 1

STOCKHOLM, Sweden, Aug. 6 (AP)—Nine Hungarian Olympic athletes have refused to return to their Communist-ruled homeland and have taken refuge in Western legations at Helsinki, Finland, the Stockholm newspaper Dagens Nyheter reported tonight.

It said the nine dropped out of sight one by one over the past weekend in a smartly executed maneuver designed to avoid drawing attention to their flight.

Their disappearance was discovered yesterday when Hungary's team leader tried to get his squad together for a post-Olympic tour of Finland, the paper said.

Fearing more desertions, the report from Helsinki said, the Communist coaches called off the tour and chartered two airplanes which flew the rest of Hungary's crack Olympic squad back behind the Iron Curtain today.

The missing team members were not identified immediately.

Hungary's Olympic team finished third in the unofficial team standings, immediately behind the United States and Russia.

Fiery Objects Made

WASHINGTON, Aug. 6 (AP)—An army scientist experimenting with a glass jar has succeeded in producing fiery objects that look just like some of those seen shooting through the night skies in recent weeks.

A spokesman for the Army Corps of Engineers said today these rain and electrical storms struck findings of Physicist Noel Scott are being made public because they explain at least some of the many highway traffic and putting all "flying saucer" reports the Air Force has been investigating lately.

STORMS HIT ENGLAND

LONDON, Aug. 6 (AP)—Freakish rain and electrical storms struck southern England tonight, flooding being made public because they explain at least some of the many highway traffic and putting all "flying saucer" reports the Air Force has been investigating lately.

Movie Star Prefers Character to Looks

LONDON, Aug. 6 (U)—Green-eyed film star Yvonne de Carlo came to London today and announced with a sigh that she's looking for a man with character because good-looking males "have no brains."

Yvonne, wearing a flaring jacket of undyed silver silk, told newsmen at London airport there's no romance in her life because she's getting choosier every day.

"The older I get the harder I am to please," she sighed. "I wanted good looks but found that most good-looking men have no brains."

Now, she added, "I go for character."

Yvonne is 27.

Pittsburgh Seeking More TV Stations

WASHINGTON, Aug. 6 (U)—Mayor David Lawrence, of Pittsburgh, seeking additional television outlets for his city, conferred today with officials of the Federal Communications commission.

Lawrence said nothing definite emerged from his talks.

He said most of his discussion had been with FCC Commissioner Robert Bartley, with whom he had lunch and had been discussed in a general way.

Pittsburgh presently has but one TV station. Lawrence obviously feels that this is inadequate—even though others have been allocated to the city by the FCC.

The county council will meet here Aug. 20.

Five new members were admitted, Mrs. Jean Wilke, Joan Wilke, Mrs. Regina Ludwig, Mrs. Esther Atkinson and Mrs. Lillian Curtis.

Plans also were completed for a card party Tuesday, Sept. 9. Mrs. D. A. DiCesare was named chairman in charge of the committee.

School Board Ends Substitute's Contract

The Royersford school board announced today that it has released Robert Hamilton, of Allentown, from his teaching contract.

The substitute teacher, who was appointed at the July meeting of the school board, has said he has been offered a permanent teaching position in Allentown.

Hamilton had been appointed to fill in for Richard Phenegar, mathematics and science instructor, who is currently on military leave of absence.

The board has already begun consideration of another substitute for the new term which opens in September.

Wire Snaps, Ignites Phone Line Beneath

A short circuit burned two electric wires and ignited a telephone wire under them at Third Avenue and Spring Street, Royersford, early last night.

Humane and Friendship firemen responded and stood by until a serviceman from Philadelphia Electric company arrived.

Shortly before 6 o'clock, two wires leading into the home of Franz Bauer, 301 Spring Street, flared up when they made contact at a point where the wires pass through a maple tree.

One burned off and dropped onto a telephone wire, burning the insulation off the telephone wire. Firemen protected the spot while awaiting the electric company repairman.

Four Hurt In Crash

The two 1941 sedans above collided head on at a curve in the road about a mile from Bechtelsville on the road to Hill Church yesterday, hospitalizing one passenger and injuring the three other occupants. The auto at the left was driven by George H. Reinert, of Olivet RD 1, and the driver of the other car, Norman C. Bender, examined the smashed motor of the sedan loaned to him. Leroy Herb, 26 of Bechtelsville, was admitted to Pottstown hospital with a possible fractured skull and Mrs. Edith Reinert was treated there for a cut lip and bruised knees. Neither driver required hospital treatment and both were given first aid on the scene.

right bend in the direction he was traveling and Reinert was coming from the opposite direction when the vehicles met head-on.
The sudden impact of the collision caused the persons in the car to be tossed about wildly but the cars came to a dead stop right in the center of the road where they met.
State police said it would be difficult to determine who was at fault. It looked as though the blame could be evenly distributed between both drivers they said.
They reported that the Boyer loan fire company ambulance took Herb to Pottstown hospital and that Mrs. Reinert was taken to the hospital by Leonard Updegrave, of Olivet.
Damage to Reinert's car would amount to \$1200 and to the auto Bender was operating it would be about \$600. Reading State police estimated.
The sedan Bender was driving belonged to Newton E. Treichler of Barto RD 1.

COWBOY SHOWS —

(Continued From Page One)
They were chosen for the regal positions because they had accumulated the most points toward earning their playground emblems thus far this Summer.
Taking part in an Indian sport dance there were Lynn Hurter, Dickie Sechrest, Jane Freese, Bobby Hurter and Paul Planton viceroy.
A GAME of pass the feathers was played by Linda Sandquist, Jackie Meade, Tommy Meade and George Stranek.
Working on a jigsaw puzzle made by the playground leader were Rohland Herman, Joanne Leiser, Paul Planton, iten Francis Meade, George Stranek and Ronnie Rizzle.
The winners of a game of pin the feathers were Bonnie Hurter and Carol Schatz.
Best guessers in judging the number of beans in a jar were Warren Hoffman and Judy Wolt.
Boys and girls dressed in western costumes left their horses home yesterday and competed in races using their own two legs.
Mary Ann Koval took first place in a free for all race and the three legged race.
ANOTHER THREE legged race was won by Patsy Cisick and Rose Mary Periotte. The two girls also won the wheelbarrow race.
Patsy Cisick carrying Edith Lare on her back came in first in the piggy back race.
Patsy Cisick, Joan Martin, Ann

Hegedus, Dolores Bolognese and Janet Lare formed a winning combination to be victorious in the relay races.
Barbara Cressman, playground leader, treated the children at the playground to fresh peaches after the strenuous races ended.
Rita Hegedus, Mary Ann Koval and Ann Hegedus thought that someone was needed to keep law and order at the playground with all the youngsters walking about with their snooting irons.
They made sheriff dolls out of construction paper and posted them about the play area to keep the desperadoes in their place.

Each Driver Blamed in High St. Crash

Each driver claimed the other was responsible for an accident in involving an automobile and a truck at 4:54 o'clock yesterday afternoon on High Street near York.
Louis Kartoz, of Philadelphia told Patrolmen Thomas Corum and John Kirlin, who investigated, he was traveling west in the outside traffic lane when a truck moving in the same direction in the inside lane pulled over and scraped the left side of his car, damaging a door.
George M. Snedecker, of Edison, Bucks county, driver of the truck, owned by the New Jersey Frozen Food Lockers Incorporated, Doylstown, claimed Kartoz's vehicle moved over against the truck, which was not damaged.

Herb leaves that are chopped fine give out their good aromatic oils. When you are adding them to salad dressing it's a good idea to grind them with a mortar and pestle, they will give delicious flavor this way and tint the dressing a pleasant pale green.

Novel Scarf

The new fashion season is off to an auspicious start in fabrics, silhouettes and accessories, which should make for a colorful, beautifully dressed Fall sartorial picture. In accessories, we have delighted in some smart and useful innovations, one of which is previewed here. Glentex, seeing a tailored suit season ahead, has come up with a new notion, a "Manscot," which is an oversize version of the ascot. This one, of jacquard satin, shows how it is worn looped over, to give a garnish to the jacket. It would be nice for a dress, too, as it is a good filler in or neckline disguise.

BEATRICE FAIRFAX'S

Advice to the Lovelorn
Prejudice Made, Not Born

Parents are often apt to think last war, and I haven't the heart to break up with him under such circumstances. "No man can help what he's born, and if people could only realize that, what a wonderful world it would be. But all my efforts to make my parents see it this way are useless, and every time I talk with them about it, it only ends up with me feeling bitter resentment toward my own people." Now I am not saying that 16-year-old Nancy should be advised to go ahead and make plans at this time to marry her Joe. What I would like to say to Nancy at this point is that, regardless of any other consideration, and no matter what any young man's nationality or faith may be, a decision to marry is not something to be made impulsively. There fore, no matter how sorry she may be for Joe, it is up to her, I think, to keep a level head and help Joe to keep one, too. In brief, she should write him friendly letters, my relatives realize that I love Joe of course, but she should not allow despite this. I may be young, but herself to rush, or to be rushed, I know right from wrong, and I headlong into an engagement know Joe well and love him very much. When he gets discharged understand is that an acquaintance from service I will have graduated of only "a few months" is not from high school and I know he has enough by which to judge whether plans for us because he has prac- or not two people are really suited ically proposed in his letters. His to each other. It is specially im- mother and father are both dead, portant for a boy and girl to un- and his dearest brother died in the-derstand this under the current

circumstances, where young men in service, and girls who know young men in service, are frequently misled about their feelings for each other. The reason I am particularly in- terested in Nancy's letter, how- ever, is because of the evidence it presents—evidence which I find in a great many letters from other teen-agers—of a tolerance and an understanding which far surpasses that of many parents, who want to confine their children's friend- ships to young people of their identical background in all re- spects. It is certainly true that marriage between different nationalities and different faiths often presents many complicated problems. But how are young people to realize this if they are arbitrarily forbid- den to find it out by normal as- sociation with those of back- grounds different from their own? And how is the world ever to move in the right direction if people refuse to try and compromise such differ- ences? If parents would only try to gain the wisdom to allow their children freedom to choose their own friends, guiding them unob- trusively in the right direction by their own attitudes, I feel sure that in most cases the young people will arrive at more sensible decisions, and be happier and more useful adults, than if they are shut off during their adolescent years from anyone who may think differently.

Good Grooming Discussed At 4-H Girls Club Meeting

Miss Verna Chiss, county home economist, instructed the Geiger- town 4-H Girls club on good groom- ing recently at a meeting held at St. James Lutheran church, Gei- ertown. Plans were made to hold a pic- nic Aug. 13. It was announced that the club will continue to meet once a month during the Winter Games were played at the close of the meeting.

Leaders present were Mrs. Evan Shirey, Miss Criss and Mrs. Ed- ward Wickizer. Members attend- ing were: Doris Burkhardt, Shirley

Cooper, Anna Davidheiser, Jessie Heckman, Gladys Shirey, Mildred Shirey, Shirley Sparr, Hazel Trate, Joan Trate, Geraldine Tschudy, Janice Yoder, Joy Wickizer and Ethel Louise Burkhardt. The next meeting will be held on Aug. 12, at which time the girls will plan for the county wide round-up. If you need them if you keep them on the counters. Small appliances are designed to fit easily in the 18 inch space between wall and base cabinets on a work surface. It's no fun to have to lift out doz- ens of pots, pans and other gadgets in order to mix a cake batter or sandwich grill in a back cor- pie crust.

Which One Is Mink?

Which is the mink? Exactly the same design and detail goes into the minkrat coat at left as in the wild mink at right. Both coats have natural shoulders, slim lines, deep cuffs. Both are designed by Doris Day.

Denims and Dark Plaids Good For School Outfits

Take a tip from mother! She lounge-wear fashions, petticoats went back-to-school in calico and pleated skirts. Little ladies of kingdom. Today, she dresses her 8 to 12 will prove themselves in school-going children in denims, pajamas adaptations of pajamas, and dark plaids, in flannelette nighties and dusters. Winter will add ski-wear to flannelette's use. Say plaid linings for warmth in windbreakers and eye-catching ear flaps.

Yes, cottons have zoomed to great importance in fashions to wear year-round, the clock-round. Mother rejoices in the great variety of fabrics and the fashionable styling that characterizes these new cottons. She appreciates too that they are inexpensive, not only in the initial cost but the upkeep. They go into the family laundry instead of the cleaner's. Most cottons are colorfast today, and mother eliminates the hazard of shrinkage by choosing cottons that carry the Sanforized label.

All the girls in the family — and the menfolk too, of course — are voting for denims. This top favorite in 1952 Summer fabrics has come out with an even newer look for Fall and Winter. Often it has a textured appearance. There are herringbones and stripes, checks, tweeds and nubs that look like wool itself. A new gapped-back denim has the added quality of soft warmth.

Colorful flannelette linings are an important feature of the work clothes fashioned for children that are making headlines in news reels, Look magazine, and on women's pages because of their novelty, as well as their practicality. Little boys and girls become wee workers in striped engineer's suits, vested hunters outfits, and miner suits complete to hat with "light-effect." Others are fishermen, cornhuskers, logrollers and woodchoppers. The denims of these pants and coat playsuits are brightened with linings, cuffs and even shirts of plaid or printed flannelette.

SPEAKING OF denim work clothes, the authentic western blue jeans so popular among boys and girls in school are bound to win mother's hearty endorsement this year. It used to be that cowboys leaped into the water trough in their new blue jeans so as to shrink the denim skintight. Now Blue Bell has introduced Sanforized Wranglers for all ages, and the days of water-tough shrinkage are passing. These jeans are tailored in the exact same tapered style as those worn by the top rodeo cowboys and have a true western look. Alternate choices are Jeanies, a straight leg edition which the girls can choose in plaid or solid colors.

Dark plaids are perennial favorites of school-going misses. Mother buys them to assure variety in the wardrobe. White accents give zinghams a contrast note that adds zip this season.

Tempt the Appetite With Many Salads In Warm Weather

A crisp, cool, colorful salad will tempt most any appetite at low ebb during warm weather, believes Mrs. Della Short, home economics extension representative Montgomery county.

The basis for any salad is fresh, crisp greens. You might try water cress, endive, tender spinach leaves or escarole instead of lettuce suggests Mrs. Short. When you have these greens in your garden, pick them early in the morning, wash and put in the refrigerator to crisp.

Cooked vegetables, such as carrots, snap beans, peas and asparagus spears are excellent for a mixed salad. Marinate them in French dressing 15 minutes before making up the salad.

FOR A different flavor, add deviled ham to your favorite deviled egg recipe, then arrange the eggs attractively on a bed of greens. When you add eggs or cold meat to a salad, you add protein needed to keep the family healthy.

You might use wedges of tomato, slices of unpeeled cucumber, radish roses and carrot sticks for a colorful and good to eat salad plate. Arrange these vegetables around slices of cold meat and deviled eggs.

A very important point in salad making is to put the salad together at the last minutes so the foods will be crisp, fresh and colorful.

Elks Beat Muncy, 5-3

Becoming a championship threat with each passing game, the Montgomery Elks advanced another notch in the National Baseball Congress State tournament at Sunbury last night.

POTTSTOWN MERCURY Sports

Page 26 Thurs., Aug. 7, 1932

CIL Postpones All-Star Game Until Monday

Although the rain would have washed out the game anyway, the City Industrial League All-Star game was postponed until Monday night at the request of the Montgomery Elks.

League director Gene Kauler said yesterday the game was moved back in order to permit the Elks to play in the National Baseball Congress State tournament at Sunbury last night.

The regular schedule of the City league ends this week although a number of makeup games must still be played. Dates for these tilts will be arranged tonight at a meeting of all managers in the junior high school gymnasium following the game between Jacobs and Merchants.

The red-hot race for second place can be further muddled to-morrow night when Hogs meets Amvets. CAW now holds forth in the runner-up slot with a 9-3 record. Flag with 8-3 can tie up with issue with a victory over Amvets.

Stowe is very much in the running with a 7-3 mark, and will have four games to make up before playoffs begin.

TITLE FIGHT PICTURE

Felix Fussess Over Site; Graham, Gavilan Sign Up

NEW YORK, Aug. 6 (AP)—Felix saying that he would not apply for Boechicchio, manager of heavy-weight champion Jersey Joe Walcott, apparently ruled out New York as a site for next month's Walcott-Rocky Marciano title fight.

Boechicchio issued a statement:

Fight Set For Havana

HAVANA, Aug. 6 (AP)—Kid Gavilan, Havana's idol and world welterweight champion, will defend his title here against Billy Graham of New York some time during the first week of October in a 15-round bout.

Contracts were signed today after discussions between James D. Norris of New York, president of the International Boxing Club, Irving Cohen, Graham's co-manager, and Fernando Balido, one of Gavilan's managers.

Also present at the discussions was Dr. Lorenzo Godard, director of the Cuban government's sports department which is putting up a \$40,000 guarantee.

The contract calls for a return bout in 90 days if Graham wins. Norris said that if a return is fought, it likely would be held in Miami, late in February. Gavilan defeated Graham by a split decision in a previous meeting and the decision still is being discussed in New York fight circles.

Norris, who came here primarily to investigate the radio and television angles of the bout, wanted to hold the show on Oct. 1 but Gavilan's handlers asked for a later date. The welterweight champion is booked for an exhibition bout in Chile on Sept. 28 and the Oct. 1 date would not allow enough training time.

The hustling manager of the Montgomery Elks, Bill Barber, takes a few warmup swings to keep loose and try to keep up his batting average. Currently running in a fourth-place tie among City Industrial league batters, Barber has successfully directed his team to the league championship.

'WORLD' TITLE GOLF WORTH \$90,000 OPENS

CHICAGO, Aug. 6 (AP)—Tammy and forfeited his tourney spot O'Stainer was in excellent shape to Bill Ogden of Chicago. And, probably more than can be other alternate Jack Isaacs of said of the nerves of 80 top pros, Langley Field, Va., replaced the who tomorrow launch the richest missing French champion J. B. tourney in golf history, the \$90,000 ADO.

"World championship." The prospector who strikes the big lode in Tam's 72-hole, medal-play gold rush gets \$25,000. That's just about as much as Lloyd Mangrum collected all last year, \$26,088, to reign as 1931's top money-winner.

Promoter George S. May will dish out \$12,500 second money—the amount last year's world winner, Ben Hogan, collected—while third place pays \$3000. Fourth spot is worth \$3000, the usual winning take from a first-rate tourney.

Even down as far as 16th place, the prize is \$1000. It's all quite well worth while, even in the women's pro division which sends an 11-eal field scambling after a \$12,000 melon from which the winner gets a \$5000 slice tops for any feminine tee party.

The four-ply world also includes separate sections for 13 amateur ladies in soccer, cycling, swimming, men and 11 cal amateurs, side, water polo, horse riding, fencing, shows, in which All-American champion Frank Stranahan of Toledo and Marina Baker of Chicago are defending champions.

Hogan failed to appear this morning under way next Tuesday.

Soviets Reveal Olympic Tie

MOSCOW, Aug. 6 (AP)—After re-checking Olympic point totals, Soviet officials said today that in their view the whole thing ended in a tie between Russia and the United States at 494 points each.

This compilation, announced by Nikolai Romanov, head of the Soviet Olympic team at Helsinki and chief of the sports committee in the U.S.S.R., changed the previous Soviet stand that Russia won, 494 to 490.

(Neither score jibed with the U.S. 614, Russia 553½ score arrived at under the widely-accepted American scoring system of 10 points for first place and 5-4-3-2-1 for the next five places. The Russians apparently used a 7-5-4-3-2-1 system.)

Romanov in an interview in Pravda, official organ of the Communist party, explained that "according to more exact figures now available, U.S. athletes also have 494 points."

Romanov also criticized the performance of Russia Olympic athletes in soccer, cycling, swimming, water polo, horse riding, fencing and sailing.

"One can be sure this will be corrected before the next Olympic games," he added.

Poor Support Hurts Kriczky

Fate smiled brightly on the pitchers' box at Shibe Park Tuesday night as Bobby Shantz won that magic No. 20. The smile was gone, yesterday however, as that intangible soul of the superstitious watched over another young Pottstown hopeful trying to make his baseball mark on that same pitchers' mound.

Stowe Gains Cage Playoffs By Forfeit

Stowe waltzed into the Area Basketball circuit playoffs last night after gaining a 2-0 forfeit win over Roversford, and set the stage for the opening of the post-season tourney this evening at the Junior High school. It was the first and probably last forfeit decision of the year.

The 'Fords and Stowe were deadlocked for fourth place prior to last night's default and were counted on to provide a drag-out battle for the fourth and final playoff berth.

However, the rains came, but Roversford didn't, and the Stowes got into the playoffs with the three Pottstown teams that tied for first with identical 6-1 records.

Stowe meets the Pottstown A's in the 8:30 p. m. playoff curtain-raiser, while Norco and Spring City—a couple of second division clubs—finish out the regular schedule in a tilt listed for 7:30 p. m.

IN THE NIGHTCAP at 9:30, the Pottstown Bees take on the Pottstown Cees.

Tomorrow evening, Stowe, the A's, Bees and Cees go at it again on the same plan in the second and possibly final game of either or both of the best-of-three game series.

Finals will get under way Monday or Tuesday evening, league director Ed Good said last night.

Hambletonian Rained Out 2nd Straight Year

GOSHEN, N. Y., Aug. 6 (AP)—Rain was the big winner today at Good Time park and for the second straight year a muddy track caused postponement of the Hambletonian stakes.

With 15 horses ready to dispute the three-year-old trotting championship, a noontime shower washed out everything until tomorrow. There was no change in the race outlook itself. The Duke of Lull, water from the stable of Walter Pfautz hurled shutout ball, facing T. Candler of Decatur, Ga., still only nine men in his three-inning hitch.

This is a high pressure tourney, the type that brings out Hogan's golden touch. But Rantan Ken is an infrequent tourney golfer this year. Hogan and May had differences over appearance money.

Tuesday Date Set for SS Loop Playoffs

The Sunday School league was thwarted again last night in its attempt to complete a game that never seems to end. It was the rain this time that prevented Transfiguration and Cedarville from finishing a game that started Monday night.

Twice the teams have played the games this week, delaying the start of playoffs.

League director Morrie Grigg reported last night that a fourth attempt to finish the game will be made tonight and playoffs will get under way next Tuesday.

4 Hits, 5 Runs

Poor Support Hurts Kriczky

Fate smiled brightly on the pitchers' box at Shibe Park Tuesday night as Bobby Shantz won that magic No. 20. The smile was gone, yesterday however, as that intangible soul of the superstitious watched over another young Pottstown hopeful trying to make his baseball mark on that same pitchers' mound.

Stowe Gains Cage Playoffs By Forfeit

Stowe waltzed into the Area Basketball circuit playoffs last night after gaining a 2-0 forfeit win over Roversford, and set the stage for the opening of the post-season tourney this evening at the Junior High school. It was the first and probably last forfeit decision of the year.

The 'Fords and Stowe were deadlocked for fourth place prior to last night's default and were counted on to provide a drag-out battle for the fourth and final playoff berth.

However, the rains came, but Roversford didn't, and the Stowes got into the playoffs with the three Pottstown teams that tied for first with identical 6-1 records.

Stowe meets the Pottstown A's in the 8:30 p. m. playoff curtain-raiser, while Norco and Spring City—a couple of second division clubs—finish out the regular schedule in a tilt listed for 7:30 p. m.

IN THE NIGHTCAP at 9:30, the Pottstown Bees take on the Pottstown Cees.

Tomorrow evening, Stowe, the A's, Bees and Cees go at it again on the same plan in the second and possibly final game of either or both of the best-of-three game series.

Finals will get under way Monday or Tuesday evening, league director Ed Good said last night.

Hambletonian Rained Out 2nd Straight Year

GOSHEN, N. Y., Aug. 6 (AP)—Rain was the big winner today at Good Time park and for the second straight year a muddy track caused postponement of the Hambletonian stakes.

With 15 horses ready to dispute the three-year-old trotting championship, a noontime shower washed out everything until tomorrow. There was no change in the race outlook itself. The Duke of Lull, water from the stable of Walter Pfautz hurled shutout ball, facing T. Candler of Decatur, Ga., still only nine men in his three-inning hitch.

This is a high pressure tourney, the type that brings out Hogan's golden touch. But Rantan Ken is an infrequent tourney golfer this year. Hogan and May had differences over appearance money.

Tuesday Date Set for SS Loop Playoffs

The Sunday School league was thwarted again last night in its attempt to complete a game that never seems to end. It was the rain this time that prevented Transfiguration and Cedarville from finishing a game that started Monday night.

Twice the teams have played the games this week, delaying the start of playoffs.

League director Morrie Grigg reported last night that a fourth attempt to finish the game will be made tonight and playoffs will get under way next Tuesday.

Yankees Bow To Masterson And Nats, 6-4

WASHINGTON, Aug. 6 (AP)—The New York Yankees bowed to the Washington Senators and the National League Braves in a doubleheader at Yankee Stadium today. The Yankees lost the first game, 6-4, and the second, 6-4.

Masterson fanned Mickey Vernon four times and Hank Bauer, Yogi Berra and Harry Schaefer twice each in capturing his sixth victory. The bespectacled right-hander allowed only one run in the last five innings after being blasted for three runs in the fourth inning.

A walk to Bauer, Berra's double and single, Gene Woodling and Gil McDougald staked the Yankees to three runs and a 4-3 lead in the fourth but the Senators pounced on Joe Ostrowski for three runs in the seventh, when shortstop Paul Rizzuto made a costly error.

The wild Schaefer was replaced by Ostrowski in the seventh and Ostrowski failed to get anybody out. Eddie Yost greeted Ostrowski with a double and Jim Busby walked. Jackie Jensen scored Yost with a double to center and Johnny Schemitz replaced Ostrowski and passed Ken Wood purposely to fill the bases.

Qualifies For Premier Speedboat Race

Low Fageol pours the coal to his Sto No Shun V on Lake Washington, at Seattle, to qualify for Gold Cup race—premier trophy of American speedboat racing—with an average speed for the three mile course of 102.564 miles an hour. Sto No Shun IV, also owned by Stanley Savres of Seattle, qualified with average speed of 93.023 miles an hour. Four others are to make qualifying runs of at least 75 miles an hour before race, slated for Aug. 9, is held.

The Champ Is Back Ashenfelter Returns to Collegeville

The upset champ of champions, Lt. Gov. Lloyd H. Wood, reached his hometown by plane today to begin his comeback in the feature address of the Ashenfelter family reunion. Henry W. Matheis is chairman of the committee and Burgess Kenney, of the Olympic Lake Sammamish, will be the guest of honor.

Ashenfelter left early this morning to return to his New York office where he will get right back to work. He notified his superiors about the Collegeville celebration and anticipates no trouble in being released from duty for the day.

On the plane with Ashenfelter were Lt. Gov. Wood, his wife, and three children. They arrived in Collegeville at 3 o'clock yesterday afternoon where they were greeted by the Rev. Roy Richards and all American football and track star Otto Mason of California.

When asked about how soon his brother Bill would be returning to his country, Horace said he did not know. His plane stopped for a short time in London Tuesday asked to be at the Moose at 5:30 p.m. but he said out an attempt to a clock.

The wild Schaefer was replaced by Ostrowski in the seventh and Ostrowski failed to get anybody out. Eddie Yost greeted Ostrowski with a double and Jim Busby walked. Jackie Jensen scored Yost with a double to center and Johnny Schemitz replaced Ostrowski and passed Ken Wood purposely to fill the bases.

Westlake Sold to Cleveland

CINCINNATI, Aug. 6 (AP)—Gen. Westlake was obtained by the Cincinnati Reds last May 15 in a deal in Cincinnati Reds announced tonight when they sent Dick Sleser and the outfielder Wally Westlake to the St. Louis Cardinals for him and infielder for cash and two players yet to be named.

The amount of cash was not disclosed.

Westlake, who has been in a batting slump all season has a hitting average of only .202. Last year with both Pittsburgh and St. Louis he hit .266 but clubbed 22 home runs and drove in 84 runs.

The sale of Westlake was the last deal engineered by the Reds since Rogers Hornsby was named manager.

At the reception planned for the college gymnast high school team, he said out an attempt to a clock.

Cards Take Two from Bucs; Browns, Cubs Record Wins

—BROWNS—
ST. LOUIS, Aug. 6 (AP)—A bases-loaded single by Bob Nieman in the 12th inning gave durable Satch Paige a 10 victory over the Detroit Tigers tonight as he made his second starting appearance of the season for the St. Louis Browns.

It was the longest Paige has worked this season and gave him his eighth victory against six defeats as he set down the Tigers on seven hits to outlast Detroit starter Virgil (Fire) Trucks and Hal White, who relieved Trucks in the 10th.

Paige, who walked but two while fanning nine, and Trucks, who also fanned nine but allowed six bases on balls, both came through with tremendous pitching in the clutch.

—CUBS—
CINCINNATI, Aug. 6 (AP)—The St. Louis Cardinals doubled both games of a two-night doubleheader from the Pittsburgh Pirates tonight, exploding for five runs in the 10th inning to take the opener 7-2 and edging the cellar dwellers 3-2 in the second.

Despite some tonight hurling by Gerry Staley and Cloyd Boyer, the Cards needed relief pitching to win the games. Al Brazle and Eddie Yuzas appeared in both contests, Brazle getting credit for the first game victory and Yuzas saving the second contest for Boyer.

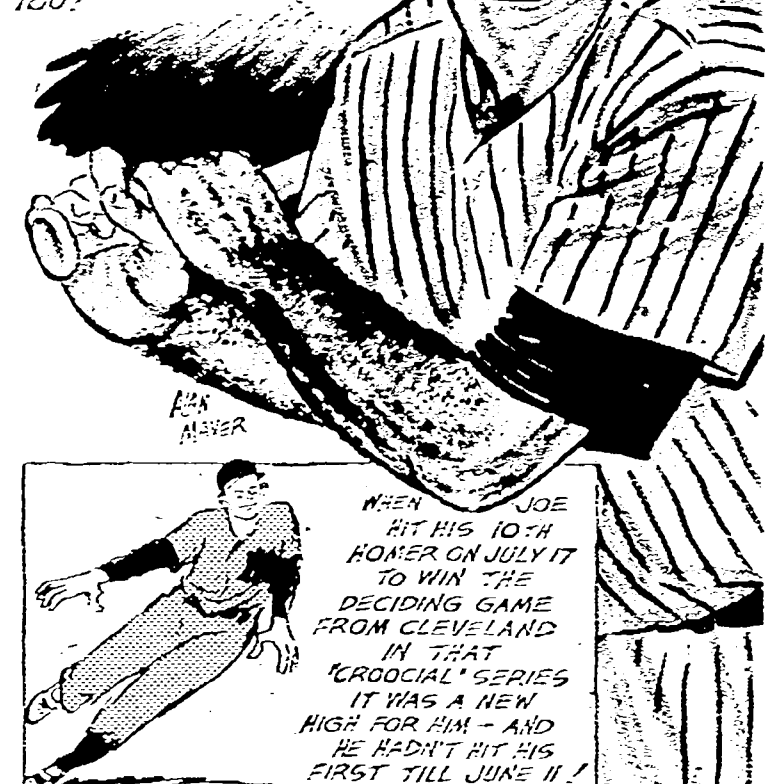

The Cards were sailing along on a one-run lead in the first game as the result of Del Riffe's homer in the fifth when Staley gave up his only hit in the seventh inning, which enabled the Bucs to take a 2-1 lead.

Relief pitcher Ted Wilks was charged with the first game loss and Forrest Main with the second.

Joe Collins, New York Yankees' 1st baseman, is sure to reward the Yanks with his best season, too.

Harner Leads CIL with .429; Millard, Johnson Over .400

UAW's Bill Harner leads the City-Industrial league in batting with a few weeks remaining in the season, but the league-leading Elks continue to monopolize the majority of places in the first 30 batters, placing nine in the top strata of CIL stickers.

The late-starting Autoworker second baseman holds the top slot with a hefty .429 mark. He's followed by a pair of Flagsmen, Hen Johnson, .417, and Lou Millard, .415, who lead the league for a short period—405.

Those are the only ones over .400.

Millard and Johnson are tied for the lead in hits, with 15 apiece. Harner has a dozen in 25 appearances, but holds the average lead because the Flaggs pair has 37 and 36 AB's, respectively.

Johnson is the leader in runs scored, with 14, followed by the Elks' John Hallman and Bill Barber, 13 each.

THE ELKS placed four men in the top 11. Barber is tied for fourth at .389. Wils Kulp is sixth, .387; Len Trollinger, seventh, .382; Dick Ricketts, ninth, .370; and J. Hallman, eleventh, .357.

Flaggs is next best at placing men, showing six, while Stowe has five.

St. Johns and Jacobs are the low teams in respect to batters placed within the first 30 batters with 20 or more at bats including games of Tuesday.

SJ's Joe Sendek, the batting champ a couple of years ago, is 25th with .294. Jack Delaplaine of Jacobs is 15th at .344.

Walt Sowers, a consistent bet for the leading five hitters, fell off sharply this year and at the present is hitting an even .300 for the Amvets, good for 23rd ranking.

Ken Sheetz of Flaggs, another one time champ, is 24th with .294.

Despite the fact that he's missed the greater part of the season after suffering a shoulder injury, the Merchants' Wayne Query still holds a share in the lead in doubles, making four of his total of five hits good for two bases.

Johnson and Sendek also have four apiece.

TRY AND STOP ME

By BENNETT CERF

A WELL-FED gentleman was emerging from the swank Pavillon Restaurant when a beggar seized him by the arm and murmured hurriedly, "I too once ate in fine places like this. Now I must beg you for a quarter for a cup of coffee and a hot dog. A unique catastrophe has laid me low." "Such as?" asked the well-fed one as he waited for his limousine to draw up. "Such as a motto," said the beggar. "Yes, sir, a motto. It hung above my desk and it read, 'Think Fast, Work Hard, Act Decisively.' I followed it religiously. I waxed richer and richer. And then... and then... some darn cleaning woman burned my motto."

When Joe Laurie, Jr., co-author with Abel Green of "Show Biz" was in Chicago, Fanny Butcher asked him if he would deliver a talk to the Society of Midland Authors. "Sure; how much do they pay?" answered the practical-minded Mr. Laurie. "It's for free," Miss Butcher told him. Joe, after due reflection, quipped, "It's a considerable cut—but I'll take it."

Bethlehem Co., Union Reach Final Terms

A final agreement was reached yesterday on terms of a new contract between the Bethlehem Steel company and the United Steelworkers of America (CIO), affecting the borough plant.

Philip Murray, president of the union, and J. M. Larkin, vice president in charge of industrial and public relations of the steel company, said consummation of the contract paved the way for the maintenance of good, sound harmonious relations in the industry.

A preliminary agreement was reached in the White House conference on July 23, but further meetings were necessary to settle contract details. The 1700 workers at the borough plant returned to work on July 29.

The new agreement runs to June 30, 1954, with a re-opening permissible on wage rates on June 30, 1953.

UNDER ITS terms, every employee will receive a wage increase, retroactive to the past March 1, of at least 12½ cents an hour, and the existing differential of five cents between the rates of the 32 job classes will be increased to 3½ cents.

The new agreement also incorporates provisions for six paid holidays, increased shift premiums, and a reduction from 25 to 15 years of service in the eligibility requirement for three-week vacations.

Secretary Sawyer Takes Drought Poll Concerning Business

WASHINGTON, Aug. 6 (AP)—Fearing the impact of the drought on business activity and employment, Secretary of Commerce Sawyer has taken a poll of his field offices which shows:

No serious slump in any area, but some sharp increases in produce prices; scattered setbacks to rural trade; some decrease in the hiring of harvesters and, in a few areas, a threat to factory production if dry weather persists.

The drought has business men as well as farmers scanning the skies for rainclouds. Sawyer has ordered a repeat survey next Monday, with field men reporting by wire.

Most of them informed him that crop damages—estimated at around a billion dollars—so far has not been reflected in curtailed buying or hiring in agricultural centers.

CONCERN WAS felt, however, that sales of farm implements ultimately would be hurt. This concern was expressed even in the Midwest although the corn belt is affected only moderately by the drought.

In New Hampshire, where agriculture is hard hit, the department's informants feared a water shortage next month unless the rains come. Such a shortage would "produce some industrial unemployment."

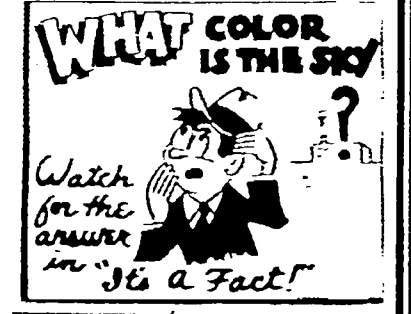

Defense production officials have been notified also that some defense activities are threatened in oil-producing Oklahoma in the next month or two unless the water supply for industrial plants is replenished.

In New York, the National Association of Retail Meat and Food Dealers told Commerce aides that purchasing declines have been felt "to some extent in stricken areas in the South and some sections of New England, particularly Maine and Massachusetts."

Dow T. Sears, left, former borough manager and now advisor to his replacement, Horace B. Buses stopping on the southwest corner of the intersection would line up traffic behind them causing a "dead end" for eastbound Prospect street. (Story on Page 1).

None Injured When Auto, Truck Collide On Sanatoga Road

A 1951 sedan and a lumber truck collided on a curve on Sanatoga road near Pleasantview road yesterday morning about 8 o'clock but none of the occupants of the vehicles was injured.

Mrs. Harold B. Rohn, 41, of 1102 Wilson street, was driving north on Sanatoga road in the direction of Fagleyville and was making a sharp curve in the narrow road when the truck, operated by Monroe E. Conrad, 41, of Boyertown RD 1, came around the curve from the other direction and the two vehicles collided.

Mrs. Rohn said:

"We were lucky that neither of us was going fast or some one may have been injured."

"I only got a scratch on my elbow and a bump on my knee and the truck driver didn't even get hurt," she added.

THE TRUCK belonged to L. H. Schroyer company, lumber dealer in Boyertown, and had only a few pieces of lumber on it at the time of the accident.

Mrs. Rohn's car was smashed in at the left front end and the windshield was shattered. Repairs were estimated at \$300 by investigating Jeffersonville State police. Damages to the truck amounted to \$250, State police estimated.

Tennessee Demo Voters To Decide on McKellar

NASHVILLE, Tenn., Aug. 6 (AP)—Tennessee's Democratic voters tomorrow will decide whether they want to keep 85-year-old K. D. McKellar in the U. S. Senate and Gordon Browning in the governor's chair.

Both Democrats and Republicans also will select nominees for Congress and other offices. But long and bitter campaigns have centered interest on the Democratic Senatorial and gubernatorial races.

Pottstown ABC May Even Talk Turkey

Food probably will be discussed more than any other topic at the American Business club's weekly dinner meeting in the Elks' home tonight.

After a dinner of shrimp cocktail, clam chowder and clam crab-cakes, the membership will lay plans for its thirteen supper Aug. 21 which is scheduled tentatively for the Kenilworth playground. The members' families are expected to attend.

The members probably will discuss later the food that will be awaiting them at the ABC Seventh district's annual outing next Wednesday at Allentown.

The local club will not meet next Thursday because of the district affair being the day before its regular meeting.

Happiness depends, as nature shows, less on external things than most suppose.—William Couper.

They Were Wiser in 1788

As the old adage says, history has a habit of repeating itself. The following quotation is an interesting example of that truism: "It has been found by experience that limitation in the price of commodities is not only ineffective for the purpose proposed, but likewise productive of very evil consequences, to the great detriment of the public service and the grievous oppression of individuals."

Save for a slight archaism in the language, that could have been written today. Actually, it is a resolution which was passed by the Continental Congress way back in 1788—a period when Americans valued liberty above all else, and held fast to the philosophy that that government is best which governs least.

When will our modern Congresses show a little of the wisdom displayed by the Continental Congress?

Ole Bull's America

FEW younger generation Americans are familiar with the name of the great Norwegian violinist, Ole Bull.

His love of American ideals of freedom which inspired a mass migration of his countrymen to the United States, won him a place in history that may be remembered longer than his musical genius.

Ole Bull was born in Norway in 1810. He first came to America in 1845 and was so enraptured with the new land of freedom that he soon became an American citizen. He returned repeatedly to Norway, which was subject to the Swedish king, in an attempt to inspire his homeland with the spirit of freedom that pervaded his newly adopted country.

Finally, discouraged with the possibility of reviving his own native land, he conceived the idea of moving Norwegians to America, and he purchased 11,400 acres in Potter County, for New Norway.

His address of welcome to arriving Norwegians 100 years ago is a stirring message from a freedom-loving individual that may well be taken to heart today.

"But since then we learned, one of the great nations of the earth had been successful in planting colonies there."

"That these colonies had grown and flourished, and that, when the mother country had endeavored to impose tyrannical laws upon them, they had rebelled, and standing up boldly in the presence of mankind had declared before Almighty God, that they were free and independent—that they had been successful and had established a government with a written constitution, based upon the principles of justice and the eternal rights of humanity, that they had spread over almost the entire continent, and had become one of the leading nations on the earth, and that there a home could be found for all who sought it, that the right to labor for ourselves would not be denied us, and that our 'inalienable rights' of 'life, liberty, and the pursuit of happiness' be secured to us."

"Overjoyed with the light and hope which this news gave us, we have sought this country to be partakers in this liberty, to enjoy this freedom, and here in this beautiful valley we have selected our home."

Can we honestly say we are preserving Ole Bull's America today?

Controls Distort Economy

THE Committee for Economic Development, an organization which makes studies of a wide range of economic questions, recently published a booklet on price controls. In one section, it said, "Price and wage controls tend to distort production and restrict the ability of economy to respond to changing needs. No mechanism has yet been found that is nearly as efficient as the free market system in providing the driving force for economic growth and in regulating the flow of goods and services. The longer price and wage controls are in effect, the more serious the distortion of the economy is likely to be."

Relatively few people seem to understand how efficient a regulator of the economy the free market is, with its open competition and the way down the line.

On the production level it forces the manufacturer to make what people want—not what the manufacturer might make if his own desires were all that mattered—and in the quantity for which a market can be found.

The price is fixed, not by man made law or by the actions of cartels and trusts, but by the natural law of supply and demand. That's why only the free market makes for progress and abundance.

Dear Sir 'n' Brother:

Wal, I see by the papers where Dr. Sara Jordan, of Boston, recommends "two nips" a day for the tired businessman. That's fine! But just don't act like you're complete exhausted!

Dr. Jordan also recommends two months vacation. Including, presumably, another two-month leeway to get over it!

And say: Some people have taste. With others, it's just bite.

New Teacher Retirement Rule Praised

'Wise and Humane'

To the Editor: It was a wise and humane act for the Pottstown school board to rescind the rule forcing teachers to quit at age 64, no matter how many potential teaching years they had left.

It is simply not possible, in teaching or in any other business or profession where brains and mental, not physical skills are involved, to set an arbitrary limit upon a man's usefulness.

The wisest thing to do now, as some of the directors pointed out Monday night, is to judge each teacher for himself.

Some men lose their enthusiasm and energy in their 50s. They should be weeded out, because the welfare of the children is more important than simply guaranteeing useless men a job.

On the other hand, if a man or woman is still going strong at 66 or 68 or 70, I see no reason why he should not be allowed to make his contribution.

I hope in the future the school board will judge each teacher on his own merits and keep the good ones in the school system just as long as possible.

Saucers Are Silly!

To the Editor: I come to a fast boil these days when I see so-called scientists making statements about the flying

saucers being real. Maybe even visitors from another planet!

Any Sopomore psychology major could tell you that mass deception is nothing new, especially in times like these, just after a major war, when we're going through a strenuous period of let-down and reaction.

When a country is as insecure, worried and generally neurotic as this one is fast becoming, seeing flying saucers is a minor, innocent thing.

I just hope things don't get worse. After all, people could get much worse delusions and start shooting at one another.

Keep the Chamber Out

To the Editor: Leave it to the good old Chamber of Commerce to foul up on the voters' registration.

You might have known that anything the Chamber touches is bound to come out wrong.

No matter how good their intentions were, they got a lot of people uselessly perturbed and caused considerable trouble for the registration commission.

The political parties, the Political Action Committee and the League of Women Voters can do plenty to spur the people on to register and vote, but the Chamber of Commerce ought to keep out of it.

If these boys in the Chamber can't

do things right, they ought to leave these jobs to people who know about them and know how to do them, and everyone will be better off.

Pottstown SADDER BUT WISER

Chamber's at Fault

To the Editor: I'm one of the people who registered to vote a few weeks ago, and then suddenly got a warning, courtesy of the Chamber of Commerce, that I wasn't registered.

You can imagine how surprised I was, but I went down to register anyhow.

I'm sorry for any trouble I gave the registration people, but it really wasn't my fault.

Next time, I hope no group of inefficient busybodies starts worrying about me—such help I'm better off without.

Sloppy Pottstown Girls

To the Editor: When are the young ladies of Pottstown going to learn how to dress?

While walking down High Street Friday night I passed many young ladies in dungarees.

Dungarees aren't the best thing to wear on a Friday night when half of Pottstown is parading up and down High Street.

Most of these young ladies are the ones that are always criticizing other people for the way they dress.

WASHINGTON

Stevenson Must Soothe Kefauver's Hurt Feelings

By RAY TUCKER

WASHINGTON, Aug. 6 — Governor Adlai E. Stevenson has been warned by promoters of campaign harmony that he must bestir himself to assuage the hurt feelings of the party's problem child—Senator Estes Kefauver of Tennessee.

Although hardly a sufficiently heroic figure to be envisaged as an evil Banquo at the political feast, the photo-genic Senator, quiet, well-behaved little boy who was beaten up brutally by the Democratic bullies at Chicago, both sincere and emotional advocates of reform, especially women, have a non-political, motherly, protective attitude toward him.

For two peculiar and important reasons, there is a special urgency behind the need for making him one of the "gang." In the first place, he carried every primary he entered save an unimportant contest against Harriman in the District of Columbia. Truman's government employees and Negroes voted almost unanimously for "Honest Abe."

To the millions who do not understand the intricacies of professional politics, denial of first or second prize to the hero of the primaries appears to reflect a cynical disregard of that supposedly democratic institution. It looks, as Kefauver has charged, as if the "bosses" had acted upon a "public be damned policy."

PITY: Perhaps even more important, Kefauver first attracted nationwide notice through the televised hearings of his dramatic and picturesque crime inquiry, with its shocking revelations of sleaze between prominent politicians and the underworld.

Naturally, the convention politicians' indifference toward these achievements—indeed, their resentment—has created the impression that they prefer corruption to a cleanup. It appears as if denial of a spot on the ticket was their way of taking revenge on the crusader.

Photographic and televised reproductions of Kefauver's agonized and frustrated face, as he sat on the platform after his vain attempt to throw his support to the victorious Stevenson, have only sharpened sentimentalists' pity for Estes and his wife, Nancy. To the hard-boiled politicians, of course, it was the face of a "poor loser."

UNFORGIVABLE: It is true, of course, that the political pros and slatemakers had no use for the Tennesseean. He violated tradition by announcing his candidacy before Truman had publicized his 1952 plans. His exposures were largely responsible for Democratic setbacks throughout the nation in 1950 and 1951 elections, including the defeat of Scott Lucas of Illinois, former Senate Majority Leader.

At Chicago he allied himself with the northern radicals to achieve his ambition, even supporting the Roosevelt-Moody-Williams move to throw the great Commonwealth of Virginia out of the convention. As in the Senate, he acted against the interests of his own section.

He also filled the air with charges that party and convention officials, including Permanent Chairman Sam Rayburn, were "knifing" him. He furnished evidence for the GOP's current allegations that Stevenson is the product of a "smoke-filled back-room" of connivers.

These are unforgivable sins in the code of politics. Incidentally, I am not condoning or criticizing anybody here. I am simply reporting the Kefauver drama—or tragedy.

But the fact is that Kefauver was passed over for sound and legitimate reasons. In the opinion of the leaders who had the party's interest in mind, he did not measure up in any respect. He was simply a synthetic, televised figure—an apparition of popular emotion and imagination.

The Voice of Broadway

By DOROTHY KILGALLEN

Let's Play Post Office

LETTER FROM A MUSIC LOVER
Dear Miss Kilgallen:

I imagine, after continually reading in your column about the popular jazz spots around Manhattan, and about the jazz musicians and their quaint—as this too mild an adjective—ways of speaking and dressing, that you are a bonafide hepcat, although no doubt more on the subdued and refined side than the general run of jive hound.

And if my assumption is not far fetched, I seek a little advice.

I've often wanted to visit one of these hangouts—the Downtown Club, for example. But I've hesitated because I definitely fear I'd appear as out of place as Artie Shaw at some other bloke's wedding. I can't stand the idea of being gawked at as "a square," and therefore ask your aid in putting me straight on the world of le jazz hot and its citizenry.

FIRST OFF: I'd like a few grammatical pointers. Just in case I ask the waiter for something in plain ordinary English and he frowns upon me and calls for an interpreter. Or in case I happen to strike up a conversation with a friendly henster and he treats me likewise. What, exactly, does "gone" mean, and

"flipped your lid" and "real crazy" and "groove juice." And how about "dig" and "having a ball" and "it's a drag"? Do I address the headwaiter as "Pops" or "Daddy-O," which appellations I've seen in your column, or is it okay to just mumble at him?

I'm sure there are many more like me whose curiosity about the jive world has been whetted by your write-ups. Won't you play professor for us?

Cordially,
Irving Kay
Brooklyn

DEAR IRVING: A pleasure! It's easy, really—you don't have to own a zoot suit or even a weird dictionary. "Gone" means wonderful. To "flip your lid" means to enjoy or appreciate or even love something or somebody very much, as in "I flipped over that Rembrandt" or "He flipped over that girl." "Real crazy" is truly splendid, or very gone, groove juice is whatever you're drinking from coke to toddy. "Dig" means understand or appreciate (or love). "Having a ball" is having a wonderful time, wish you were here, and "it's a drag" means what a bore. You can call the headwaiter Pops or Daddy-O if you want to—you call anybody Pops or Daddy-O—but it's not necessary; he, and the waiters, too, speak zee Eeng-leesh very good.

You see, nobody's digging your clothes, Daddy-O; they're too busy quaffing the groove juice and flipping over that crazy gone jive, because it's the Most!

The Worry Clinic

By DR. GEORGE W. CRANE

MIKE S., 29, is a sergeant in the Marines.

"Dr. Crane, my sweetheart knew that I always followed your Case Records in the St. Louis Post Dispatch," he wrote to me from Korea.

"So she sent me a subscription to the paper as a gift. Now I can keep up-to-date on your cases and also on the comics and other home town news."

"You'd be surprised at the number of men who come to me to borrow my Post Dispatch. They literally wear it out."

"It's like a fat letter from home every day. I wish more people would think about sending the newspaper to the fellows in camp."

"Some of our boys get very few letters, and almost go crazy with loneliness."

It would be a good idea if more people were as thoughtful as Mike's sweetheart. Offer a newspaper subscription as a dandy gift!

The home town newspaper cheers up the spirits of the lonesome soldier, as well as the college student.

And if he comes from a small town, then the personals are avidly read. Besides, he knows many of the people about whom he sees local news stories.

While it is very thoughtful to send a man a magazine or book, the newspaper is even more greatly enjoyed, for it keeps up-to-date and offers a wide variety of interesting features, comics and cartoons.

YOUR NEWSPAPER is far more educational and enlightening than many people realize.

Just this psychology column alone, for example, gives you 26 varied scientific articles each month, or almost the contents of Reader's Digest magazine, and I have less than one column per day.

There are eight columns per page in a standard sized newspaper and five columns in a tabloid. So just think how much printed matter you receive for your five cents. It equals a fair-sized book!

You get news stories and a psychology column. A health column and a financial column. Several literary and political columns by famous writers are also included.

You have a full editorial page containing essays on political science, economics and current events of international consequence.

You have heard of the Book-Of-The-Month-Club. Well, this newspaper gives you a book of printed matter every week! Newspaper subscribers belong to a Book-Of-The-Day-Club.

Send the newspaper to your parents who may be away for a month or two visiting their other children.

Bright Lad... Gets Honor...

*** BRIGHT STAR** — When Thomas B. Rutter, 16-year-old son of Mr. and Mrs. Raymond H. Rutter, 53 West Sixth Street, enters the University of Chicago on a scholarship Sept. 20, he'll set several records. Rutter will enter a university without having graduated from Pottstown High school. Moreover, he'll skip the Freshman class in college, and will become a Sophomore at once! That's the unusual way Chicago runs its school. They've also told young Rutter he can finish his university course just as quickly as he wants to. He can finish in two or three years. Then he'll be eligible to continue his schooling looking forward to a law degree. He has no close relatives who are lawyers, despite the well known family name. Carroll D. Rutter, Pottstown attorney, is only distantly related. Young Rutter earned his scholarship in a competitive examination in Philadelphia. Scholarships are awarded from the university's annual budget of more than three-quarters of a million dollars for aid to students. Chicago sometimes takes high school students after their sophomore (second) year.

HONORED — Clavin R. Myers, son of Mr. and Mrs. Walter D. Myers, 307 North Evans street, has been included on the dean's list for high scholastic honors at Wofford college, in Spartanburg, S. C. . . . The Rev. Laurence T. Reers, pastor of the First Baptist church, was guest preacher at the Calvary Baptist church, Clifton, N. J., the past Sunday. The Rev. Reers before coming to Pottstown was pastor of the First Church of Jersey City. . . . Charles Nagle, the Pottstown automobile tycoon who recently penned a historical opus, "Wheel of Progress", which detailed the development of the automobile, has received hundreds of congratulatory letters from all over the country. Edgar Guest, famous poet, is among the many who sent his kudos.

*** FLEET FINGERS** — When John Melani, 14-year-old nephew of Anthony Mosera, Pottstown RD 3, took his first accordion lesson seven years ago, his father, John Melani Sr., was happy. "Now," he reasoned, "I will have someone to accompany me." But in seven years son has eclipsed father and the elder Melani has packed his accordion away. Mr. and Mrs. Melani, their accordionist son and daughter, Doris, came to the Moseras from their Woodside, Long Island, New York, home this past Sunday and will spend a week in the Pennsylvania country. This past December young Melani, competing against the top accordionists in the nation, was judged the best accordionist for 1951 in a New York city contest.

THE CURLY-HAIRED youth made his debut early in life. At the age of 10, after only three years of lessons, he played in Town Hall, New York. Since then he has played in Carnegie Hall and gained national recognition. In recent months John has been making film shorts. His teacher from the beginning, Pietro Frocini, an accordion composer, is amazed at his pupil's aptitude. For several years John has been writing his own music. The elder Melani is a chef at Peter's Back Yard, New York restaurant. Mosera is shop steward for Mrs. Smith's Pie Local 8, Bakers and Confectioners (AFL). Mrs. Mosera is a nurse at Pottstown hospital.

*** HIGH GRADERS**—Four young men and women from the Pottstown area have been cited for outstanding scholarship at Pennsylvania State college during the Spring semester. It was announced yesterday. An average of 2.50 or higher is needed. Three of the area students had the 3.0 mark that is considered "perfect." Forrest W. Fryer, Boyertown, a Senior in psychology; Leon N. Davidheiser, Junior in social studies, and Joanne D. Luyben, Zieglerville, Junior in education. Getting a 2.50 average was Phyllis R. Heebner, Collegeville RD 1, Freshman in education.

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

LATELY WE have been hearing a great deal about radioactive iodine. This is a product of atomic research, and it may prove the helping hand that will enable certain heart patients to adjust to a slower pace of living.

Most people know by now that the person with signs of heart failure must decrease his daily activity according to the severity of his heart condition. He may have to limit his activity to bed rest, or just bathroom privileges. Many people with severe heart conditions are forbidden to do any strenuous exercise or work for the rest of their lives. Others improve as time goes on. In this connection it is well to remember that a chain is no stronger than its weakest link. Therefore, not too much strain should be put on any part of the body.

There are certain patients, however, who should limit their activity, but may find it difficult to do this. For instance, a "rozzetting" business man may have been so keyed up all his life that cutting off all his enterprises at once may be a severe hardship and quite difficult to do.

These people usually upset themselves, both mentally and physically, causing recurrence of severe heart failure. This may bring on a condition known as pulmonary edema, in which fluid collects in the lungs and causes difficult breathing. Usually, the liver also becomes enlarged and the ankles swollen, and a large amount of fluid accumulates in the abdomen.

Doctors find that the treatments that help most heart patients get along with their condition usually include, in addition to reasonable rest, injections of mercury into the muscles, plus the use of sedatives and a diet with little salt.

A photo of Little Boulder Field at Lake Harmony are shown on the card. The field is a glacier deposit.

MR. AND MRS. Frank Spellman, of Pottstown RD. 3, asked The Mercury to "Say hello to everyone for us," in their card from Lake Wallenpaupack.

A speedboat cutting a white wake on the colorful lake in the Pocono vacation spot is seen on the front of the card.

NANCY WILSON, of 231 Berks street, Stowe, and her friends, Ann Barndt, Barbara Johnson and Karen Bartner are spending their vacation at Camp Shehagua in the Poconos. The camp is in Hickory Run State park.

The picture on the card is of Sand Spring lake by a dam which creates the large body of water.

Sand Spring Lake, Poconos

NANCY AND Chuck Vocum, of 641 Summit lane, are traveling through the New England states and sent their colorful postcard from Freeport, Me.

Desert, Freeport, Maine

The picture on the card is evidence that East coast has deserts as well as the western states. Oddly enough, there are some clumps of vegetation on the Maine desert.

Fathers Not Needed Now by Draft Boards

HARRISBURG, Aug. 6 (P)—Pennsylvania draft boards have a backlog of some 6500 qualified men to use up before even considering the induction of fathers, the State Selective Service headquarters indicated today.

Major Gen. Lewis B. Hershey, national draft director, hinted this week in Washington that it may be necessary to draft some fathers to maintain the armed forces at their current strength.

"We're in better shape than many of the states because of the credit we received for the induction of the 25th Division back in 1934," explained Lt. Col. Frank J. Graf, deputy State director.

Pennsylvania has a quota of 1298 men for the August call and 763 for September. However, Graf said he expects the call to be larger for the rest of the year.
